## 1994-95 INFLUENZA VACCINATION

### ***ACT TODAY IF YOU NEED THE VACCINE FOR MEDICAL REASONS!***

Influenza is caused by influenza A and B viruses and occurs in Canada almost every year, generally during late fall and the winter months. This year the influenza vaccine is designed to provide protection against the strains A/Texas/36/91, A/Shandong/09/93, and B/Panama/45/90. Protection against these strains of virus begins within 7 days after vaccination and has been shown to prevent illness in approximately 70% of adults.

Health Services is pleased to be able to offer flu vaccine to staff and students. There is no charge for this service. The vaccine is offered first to people in the following groups:

- adults with chronic cardiac (heart) or pulmonary (lung) disorders severe enough to require regular medical follow-up or hospital care.
- adults with other chronic conditions such as diabetes and other metabolic diseases, cancer, immunodeficiency (including HIV/AIDS virus), immunosuppression, renal disease and anaemia.

There are some side effects to the vaccine that may begin 6 to 12 hours after the vaccine and last for up to 2 days. These are soreness and

redness at the injection site, fever, headache and muscle aches. These side effects are generally mild.

All those who receive flu vaccine will be required to remain in the Health Services area for 15 minutes after the vaccination.

Any vaccine not given to people who need it for medical reasons will be offered to the remainder of the campus population - starting Monday, November 07, 1994.

To arrange a time for your flu vaccination please call Pauline at local 7187. If I am not at my desk please leave a message with your name and phone number and I will get back to you as soon as possible.

Powwow Festival  
Committee**

We would like to invite you to be a part of the First Annual "Bringing People Together" International Powwow Festival to be held the weekend of November 11, 12 and 13th, 1994 at the Plaza of Nations in Vancouver, to coincide this year with the International Year of the Family and the 40th Anniversary of the Vancouver Aboriginal Friendship Centre Society.

The focus of the Festival is to provide a unique educational experience for everyone, taking into consideration the varied and rich culture, heritage, and tradition of First Nations Peoples. We are scheduling many events including: traditional dancers and singers; documentaries; elders telling about their legends and history; and youth groups that have created displays to help them build awareness and explain the meanings of each of their different native cultures and traditions.

## Bill Miller -- Big Winner for 50/50 Jackpot

Well folks, Bill Miller (Bldg. Sr. Mgr. KEC) won the final thriller and found a \$134.00 filler for his bill(er) fold. Congratulations, Bill! Guess who is buying.....

It would be extremely difficult to name all the faculty, staff, etc., who assisted in the success of the five draws (a total of \$294.75 raised for the United Way), so I am sadly reduced to thanking you all collectively for the unselfish donation of your time. Thank you; it makes me proud to have you as colleagues.

To those souls who purchased tickets, I offer my sincere thanks for your valuable support of a very (collectively) worthy cause. Helping those in need seems to be one of the

many areas that we do best at King Edward Campus. Thank you; putting your hands in your wallets really shows.

To the winners, we know who you are and when we see you in an appropriate venue, you will be buying!!!
