AXWORTH REPORT

A limited number of copies of the Axworth Report (Improving Social Security in Canada, A Discussion Paper) are available. Please contact Vivienne Garrott at local 7159 if you would like a copy.

LIBRARY COMPUTER SYSTEM DOWN

Our apologies for any inconvenience you may experience as a result of our emergency operating system upgrade. The system will be down at least for the week ending Dec. 2. The upgrade was originally to take place later in December and we were planning to give the college community ample warning. However, a system instability compelled us to take immediate action. Although the computer catalogue is unavailable we will continue to check out regular and reserve materials and process media bookings. Since all these tasks need to be done manually, we ask for your patience and understanding if the transactions take longer than normal. Fines will only be collected if a student needs to clear their record in order to re-register.

ABSENCES FROM CAMPUS

Aphrodite Harris, KEC Campus Librarian will be on vacation from December 5 - 16. Contact Mark Goertz, 7223, or Brenda Appleton, 7318, for urgent matters.

TELL ME ABOUT IT!

Perhaps you know of a student who has an interesting history, or an instructor with a new idea. Maybe you are involved with an event that deserves more attention.

Vancouver Community College is home to many interesting but untold stories. If you know of one, please call me at local 7151.

Your ideas will help the Public Relations Department get more media coverage for VCC. It is a great college - let's tell people about it!!

The Food Services Grapevine

Many of you already know that Food Services became a centralized service on April 1, 1994. It is therefore my goal to ensure that your food service needs are considered. To achieve this goal a food services committee was established. It is composed of the following people:

Jackie Ehlert -	Director of Food Services; 443-8486
Madelina Cris -	KESA Representative; 871-7146
Anne Parsons -	IEPA; 871-7221
Eugene Wong -	Staff Representative; 871-7136
Chris Catalano -	KEC Cafeteria Manager; 871-7387
David Crow -	Purchasing; 871-7106

We are currently looking for individuals with a keen interest in food who wish to be a part of this committee. We would like to have a faculty member on our team as we already have representatives from other areas of the college community. Please call me if you wish to be a part of the team (Jackie 8486) or simply if you wish to discuss a food service issue with me.

Thus far, the committee has met five times. Some of our accomplishments include;

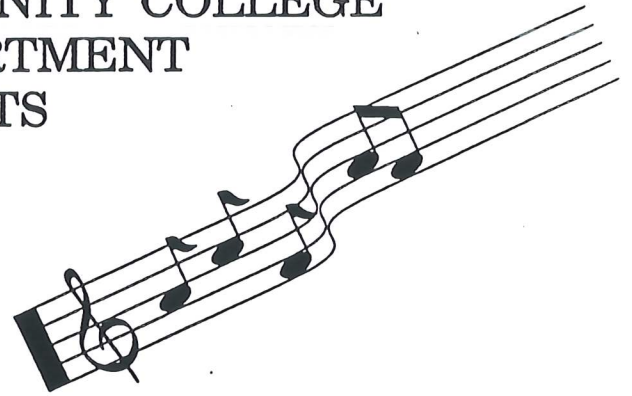

- (i) A pricing survey of all Vancouver University & College cafeterias in order to determine the suitability of our prices.
- (ii) A pricing survey of all the restaurants within a one mile radius of KEC in order to determine availability of other foods in the area.
- (iii) A customer survey was conducted in order to identify areas of concern and planned solutions.
- (iv) Accessibility to the vending machines by KESA students and staff after cafeteria hours.
- (v) Revised hours of operation.
 - Monday to Thursday 7:00 a.m. to 9:00 p.m.
 - Friday 7:00 a.m. to 4:00 p.m.
 - Saturday 8:00 a.m. to 2:00 p.m.
 - Breakfast 7:00 a.m. to 11:00 a.m.
 - Lunch 11:00 a.m. to 2:00 p.m.
 - Dinner 4:00 p.m. to 7:00 p.m. (except Friday and Saturday)
- (vi) The implementation of a new menu.

I am looking forward to many more changes and will welcome your comments and suggestions in an endeavour to improve the Food Services at KEC.

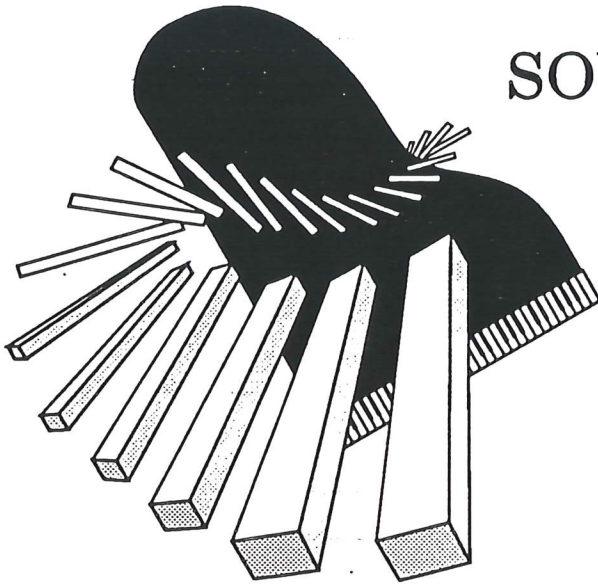

Thank You

Christmas Poem 1994

The night was very cold and the stars were very bright
As Santa watched-a helicopter whirled into sight
He was pleased to welcome the North's Flying Physician
He'd dropped by on his annual medical mission

He approached Santa with his doctor's grip
To check Santa out before his big trip
Telling Santa he's sound as a drum could be
But he must lose some pounds really really

Santa listens intently as the doctor explains
He should always try to eat more fruits veggies and grains
Then the weight will be certain to disappear
To make his bill of health absolutely clear

As the chopper departed from where it was parked
Mrs. Claus appeared and she tenderly remarked
"I'll help you with your diet-we'll do it together
As you know we always try to help one another"

"But" said Santa "You know how the children love to please
They always leave me such nice goodies under their trees
I don't want to shun their gifts and be misunderstood"
What a dilemma he thought as he started to brood

Then Mrs. Claus said with a smile-"I have an idea
Take those goodies to kids in a less affluent area
There is a bright blue backpack up in the shop
T'would be just the thing for your drop cookie drop"

She knew that pleasing the children would make Santa glad
She was very pleased too with the suggestion she'd had
And was rewarded with harmony restored
As she smiled up at the man she adored

On Noel's Eve Santa started his rounds
Covering his route in great leaps and great bounds
The reindeer running like a pack of hungry hounds
Santa was so pleased as he had lost ten pounds

Although the temperature was well below zero
T'was a special run for our red coated hero
Demonstrating to all the children just how to share
To look after one another-to show that they care
