This cooperative endeavour is expected to improve the necessary liaison and cooperation between the Ministry of Labour, Apprenticeship Branch, and the V.V.I. for the benefit of apprenticeship training. The office is in the general Counselling area on Level 1.

### The VOICE

The College Student Newspaper, the Voice, will have a working office on the V.V.I. Campus as of 1984 March 01, and hopefully this will provide more awareness and exposure of V.V.I. activity.

CANADIAN PARENTS FOR FRENCH QUESTIONNAIRE

In anticipation of the changing needs in language instruction for the large number of students who will be emerging from the French Immersion programs, British Columbia Parents for French has established a committee to examine the state of bilingual education at the post-secondary level in British Columbia.

It would be of great assistance to our committee if the following questionnaire could be circulated amongst all faculty members and returned to us on its completion. The intent of the questionnaire is to determine which departments, with their present staff, would be able to offer courses using French as the language of instruction. All post-secondary institutions are being contacted.

We appreciate your co-operation and look forward to the opportunity of discussing our findings with you.
