WHAT DO YOU THINK??

The following quotation is from a letter directed to the Administration:

"When the staff cafeteria was opened there were no ashtrays and patrons assumed it was a no smoking area. When I was in there today someone in their zealousness had deposited ashtrays on every table. As a non-smoker I resent anyone polluting the air I breathe. When this pollution occurs during my lunch time and while I am eating I find it particularly offensive. I would like to request that the staff cafeteria be designated a "No Smoking" area."

Before making a decision on this request, I would like to receive more input from all interested parties. What do you think? Contact John Vandenaeker, in writing, to convey your opinion.

WEEKLY STATUS FORMS

Recently we have been experiencing a number of errors in the recording of staff absences on the V.V.I. weekly status forms.

Some of these errors have created serious problems relating to Worker's Compensation Board claims and Short Term Salary Indemnity benefits. Errors have also affected vacation and sick leave entitlement.

Let's be a little more careful with the status reports and save ourselves a lot effort in the long run.

SAFETY NOTE

One of our popular Department Heads got a ticket the other day!

In Sympathy of Poor Old Don

When Don was coming to work today
Little did he know he would have to pay
He told the constable "That's not cricket"
For no seat belt, he got a ticket

The policeman was so nice and cheerful
Poor old Don was so tearful
When he got the ticket he had the fits
All he could think of saying was it's the pits

Never mind old chum, old friend
Those cops will drive you round the bend
On the way home and the day is gone
For goodness sake, put your ruddy seat belt on.
