LIBRARY

• PRINT IMPAIRED SERVICES

VCC, Langara Library has been requested to assume the services for print impaired students at colleges and institutes in B.C. The B.C. College and Institute Library Services Clearinghouse for the Print Impaired (CILS for short) will take over from the PRCVI services, with a few changes. The Clearinghouse will search for existing taped or braille books, purchase certain items, negotiate loans for others and produce a limited number of taped books. Sandra Jones is the CILS contact person in the VVI Library. When requesting items for a print impaired student, provide as much lead time as possible to allow for the production of materials, which may be necessary.

CITIZEN HAROLD

When we meet Harold it is obvious that he rarely moves away from the front of his television set. But on this particular day the municipal workers are noisily cutting down the trees on his street. This animation tells the story of one person's attempt to fight City Hall.'

THE CITY: HEAVEN AND HELL

The evolution of cities is traced from the farming communities of 10,000 years ago through the village and feudal town to the modern city. The destructive forces, such as wars, and the constructive ones, such as cooperative building projects, are considered. The film explores the possible consequences of uncontrolled nuclear power.

SOCIETY OF VOCATIONAL INSTRUCTORS

As changes are made in vocational education there is a greater need for professional development activities for Vocational Instructors. To this end the major emphasis of the Society of Vocational Instructors is to promote professional development among its members, and to help its members learn new skills and attend articulation meetings with their colleagues, through an S.V.I. convention each year.

This year the S.V.I. convention is to be held in Prince George on May 16, 17, and 18, and the theme of the 1984 convention is High Technology in Education. Details are not yet finalized but an interesting and informative convention is being planned by the faculty of C.N.C.
