MISSING, STOLEN, STRAYED?????

A large rectangular fan labelled for Room 3043 was removed from the Receiving area. This fan is not college property, but the personal property of J. Cranstoun. Would the person who borrowed it kindly return it to Room 3044, just behind the Learning Centre.

Two Compound microscopes are missing from the Science department. If anyone has any knowledge of their whereabouts, would you please contact Local 574? The serial numbers are #1184 and #19456.

TELEPHONE BOOKS

Since we now have Datel equipment instead of B.C. Tel, we no longer have access to 'free' telephone directories!

New 'phone books will be out soon. We suggest that, when you receive new ones at your home, you bring your old ones to the campus for use in your offices.

LETTER FROM A FORMER STUDENT TO A DEPARTMENT HEAD

"The purpose of this letter is to inform you that I am sincerely grateful to you and my former instructors for having taught me English.

Realizing that English was absolutely essential, I started in the English Program. Frankly speaking, I benefited a great deal from the courses. However, this was not realized until I enrolled in the Business Management Program at SAIT.

I was the only Chinese student in the class, and I was the only one that got an A in English writing. This can be attributed to the strong foundation I received at King Edward Campus. Moreover, I am able to write short, precise notes. In doing research and writing term papers, I comprehend and remember what I read because of the lessons in outlining.

I am appreciative of all that my dedicated instructors did to help me achieve my objective."

K.E.C. COUNSELLING DEPARTMENT HOST

The K.E.C. Counselling Department played host to over sixty high school Counsellors representing every school within the Vancouver School Board Area.

After a brief annual meeting to elect their new executive, the Vancouver School Counsellors' Association was formally welcomed to the campus and given a brief but thorough overview of the programs and services available at the King Edward Campus. The orientation included:

- a welcome by Dave Greenall, Dept. Head of Counselling, and a quick look at Student Services;
- an overview of the career programs by Vicky Monroy;
- an overview of the upgrading programs by Thorne Husband;
- a brief look at Special Education Services by Greta Nelson and an overview of ELT programs by Ginger Chang.

Following the orientation, they were taken on a tour of the campus.

Special thanks have to go to Lorraine Bastien, Howard Turpin and Joyce Lydiard for their help in making the tours a success. All three of them stayed late to help with the tours and to explain the various program areas.

Plans are already underway to organize similar orientations for Human Resources and C.E.I.C. and for the Counselling Departments of other post-secondary institutions.

A good show, Counselling Department - and excellent P.R. for the campus.
