PROGRAM DEVELOPMENT DEPARTMENT

APR 13 1984

The Program Development Department offers you professional assistance in many areas; some of these are:

- the development of objective type tests and the analysis of the test results
- content, layout, and production of course and laboratory print materials
- professional development including instructional and facilitator training
- observation and feedback processes for classroom teaching

At present there are several new areas being developed within the department, these include Vocational Technical Instructor Diploma and Degree programs and self study modules in computer literacy.

Specific curriculum responsibilities are divided between the four curriculum consultants in the following way:

Janine Huot	Business and Health Division
David Tickner	Service Division
Karl Gregg	Industrial Division
Brian Dwyer	Technical Division

The four curriculum consultants are faculty members, each having several years of instructional experience. They are professionally qualified to help you in these and other areas.

If you are interested in obtaining help do not hesitate to call on us; you will always be assured of friendly, positive assistance.

BMD

REMEMBER THE BLOOD DONOR CLINIC

The Red Cross is here today in the courtyard needing donations of blood from you! Please find time to donate The Gift of Life!
They depend on your type.

VVI FOOD SERVICES

DINING ROOM

Faculty and staff may make reservations in the dining room for breakfast, luncheon, and dinner by phoning Local 343, (please call for dinner reservations after 14:30 in the afternoon only)! If the number of persons is 10 or over, please ask for a "set menu". This can be arranged by consultation with the Food Trades Department Head for pricing and billing instructions.

FOOD SERVICE FOR CONFERENCE ROOMS

Items that may be ordered are coffee, tea, juices, milk, Danish or French pastries, sandwiches, and open faced sandwiches. Contact Mr. Naso in writing to request this service. If the Food Trades department does not have the students available to prepare these foods, alternate arrangements can be made with outside caterers to provide the service.

SATURDAYS

Part time cooking classes are conducted on Saturdays from 08:00 to 15:00, and hot lunches are available in the cafeteria from 11:30 until 12:45.

Coffee and pastries may be available, but must be picked up from the cafeteria area and taken to the conference rooms. Again, contact Mr. Naso in writing to make service arrangements.

BAW

JOIN IN!

The V.V.I. Student Association invites you to exercise and learn self defense!!

Classes are every Tuesday and Friday at 19:00 in Room 166.

Anyone wishing to participate must register first at the Student Association Office. Charges are \$5.00 per month for students and \$10.00 per month for faculty and staff (however, no one will be denied access due to an inability to pay).

Registration entitles you to unlimited access to all classes.

See Mark Rogen for further information!

MR

LIBRARY FILMS April 17 (11:45 in the Library Screening Room)

THE CITY AND ITS REGIONS

Lewis Mumford reviews the regional pattern of the Middle Ages and the destruction of the pattern by the despots of the Renaissance. He shows that the destructive forces are still at work in the form of urban sprawl fostered by the real estate developer.

CONTINENTAL DRIFT

Using animated drawings and maps, this film outlines the evidences supporting the theory of continental drift. The theory states that the continents float on top of the earth's molten core, and are moved about by convection currents in the interior of the planet. AB

LIBRARY ACQUISITIONS
