FACULTY AND STAFF MEETING

Please be advised that there will be a faculty and staff meeting on Wednesday, June 6th in Room 240 at 14:30. Please arrange your schedules accordingly. HWR

ERNIE FROST

Some of you may have been wondering why you haven't seen Ernie Frost of the Electrical Department around lately. Well it is because he retired and slipped away from us without noise or fanfare. He didn't want a big send-off, so one day he was here and the next day he was gone. Anyway Ernie we wish you all the best and hope you'll keep in touch.

VVI GRADS

In the June issue of "Equity" it was noted that Bruna Giacomazzi, a secretarial graduate of V.V.I., is now Vice President of the Mercantile Bank.

To aid in a campaign focussed on V.V.I. graduates, if you know of any graduates who have been particularly successful in their chosen careers please forward their names to Mr. Rerup.

CONGRATULATIONS GEORGE

Once a year the Red Cross honours blood donors who have given 50, 75, or 100 donations of blood, and this year our own George Clark will be one of the donors receiving special mention and a certificate signed by the Governor General of Canada.

The certificate will be presented by the Honourable Robert G. Rogers, Lieutenant Governor of British Columbia in recognition of George's 50 donations. Perhaps this will serve as incentive for us when the next blood donor clinic is held at the campus in July.

LIBRARY FILMS May 29 (11:45 in the Library Screening Room)

AT 99

A look at the life of this vivacious nonagenarian as she approaches her hundredth birthday. A lifelong musician, she plays and sings for groups in homes for the aging who are depressed because they are 70 or 80. Although music is her passion, Louise took up yoga at the age of ninety to keep herself limber.

AN EGG STORY

FROM THE 'SCRAP BIN' IN WELDING

Burrard Yarrows was recently awarded a \$91 million contract to build an Arctic Class 4 icebreaker for the Canadian Coast Guard. The icebreaker will employ about 1000 shipbuilders of which about 200 to 300 will be welders! Let's hope the contract and the spin-offs will be beneficial to our Welding grads. ES

WORDS OF WISDOM FROM THE 'SCRAP BIN'

A man lived by the side of the road and sold hot dogs
He was hard of hearing so he had no radio
He had trouble with his eyes so he read no newspapers
But he sold good hot dogs
He put up signs on the highway telling how good they were
He stood by the side of the road and cried "Buy a hot dog Mister?"
And people bought
He increased his meat and bun orders
He bought a bigger stove to take care of his business
He brought his son home from college to help him
But then something happened . . .
His son said, "Father, haven't you been listening to the radio?
There's a depression on
The European situation is bad
The Asian situation is terrible
The Domestic situation is worse"
Whereupon the father thought, well my son's been to College
He reads the papers and listens to the radio and he ought to know
So the father cut down on his meat and bun orders
Took down his advertising signs
And no longer bothered to stand out on the highway to sell hot dogs
And his hot dog sales fell off almost overnight
"You're right son," the father said to the boy
"We certainly are in the middle of a terrible depression!"
