LIBRARY FILM (1984 October 23 at Noon)

IN PRAISE OF HANDS

A tribute to craftsmen everywhere whose work adds colour and richness to life. Shows the special skills of artisans working at their crafts - stone sculpture, pottery, ceramics, weaving, puppet making. Each indigenous skill is a reflection of the artist's culture.

NEW AUDIO VISUAL MATERIALS AVAILABLE IN THE LIBRARY

It's easier than you think - This 20 minute video (3/4") produced by UBC in 1976 suggests ways that families can improve their nutrition without making radical changes in lifestyle.

HONEYWELL FUTURIST AWARDS COMPETITION 1984

"Beyond scientific speculation and extrapolation, perhaps the richest inspiration for imagining the future comes from exploring our daydreams and realizing that today's fantasy may become tomorrow's reality. If you have imagined what our world will be like in 25 years, now is your chance to release those thoughts - tempered with your knowledge of technology - by entering the 1984 Honeywell Futurist Awards Competition. If you are a full-time Canadian college or university student and if your ideas are among the most imaginative and feasible, you may be awarded \$1,000 and a trip to the futurist awards presentation in Toronto.

Completed essay entries must be post marked no later than December 31, 1984.
