## THE CHRISTMAS TREE AND A TIME OF SHARING

The festive season which is about to begin has different meanings for different people for any number of reasons.

It would be nice to think of it as a time for sharing, a time when we have the opportunity to share with others.

With that in mind, we advise those who would like to share that they can do so this year by placing their non-perishable donations under the Christmas tree or on the collection box by the Student Association Office after 1984 December 07. The goods collected will be used to make up hampers for the less fortunate.

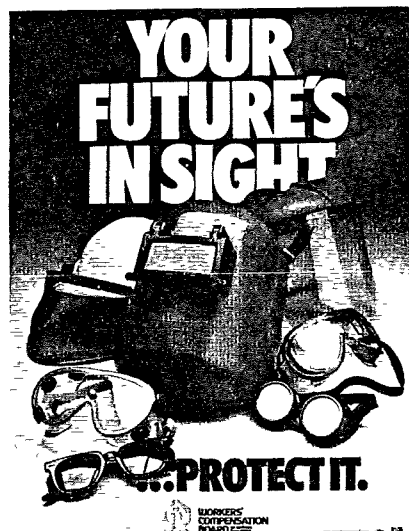

GC

## SAFETY

Just a reminder! Let us be a good example for our students..

8106

## TELEPHONES

If an employee wishes to "call forward" their telephone calls to another location, please dial 100 plus new location local. To cancel dial 110.

### GREY CUP POOL WINNERS

I am sure many of you are not aware of the Grey Cup Pool winners. They are as follows:

Francine Lesonsky	Final
Barb Talbot (Admin)	Half Time
Shirley Simms (Nursing)	1st Quarter
Ellen Shellington (Nursing)	3rd Quarter

And of course, the Salvation Army Xmas Dinner Fund came out a winner to the tune of \$50.00.

R.Larocque

### A FRIENDLY REMINDER TO ALL DEPARTMENT HEADS AND INSTRUCTORS

Austerity is here to stay for a while yet!

Students and graduates are contacting you and ourselves on a daily basis seeking employment opportunities. We know employers are taking up your valuable time with order details. Why not refer them to our office and let us do your clerical order taking. The school will still get credit for producing well qualified students and placements. This way we can all benefit. We are here to assist everyone, not just students.

We are still offering one of the best job information centres in Vancouver. Your cooperation is necessary!

C.E.I.C.

### MATH SKILLS

We regret the loss of the tutorial service from the Library area, but all is not lost - basic math skills can still be learned outside of the classroom. The Library offers a large selection of books and AV aids for independent learning and upgrading. Here is a list of only a few of the AV items available in the Library:

- Introduction to Algebra (7 filmstrips)
- Math Skills for Business (6 filmstrips)
- Fundamentals of Calculus (8 filmstrips)
- Introduction to Fractions (slides)
- Introduction to Decimal Fractions (slides)
- The Metric System (1 filmstrip)
- Transition to Metric (slides)
- Addition and Subtraction of Whole Numbers (slides)
- Division of Whole Numbers (slides)
- Multiplication of Whole Numbers (slides)

Please refer your students to the Library for books, AV aids, and reference help!
