# Vandalism

---

VOLUME 3 : NUMBER 04 : JANUARY 31, 1985

## V A N D A L I S M

Vandalism seems to be on the increase again at the V.V.I. For example, the disappearance of signs, broken lockers and chairs, and holes in the walls, etc. In an educational institution such as the V.V.I. it is impossible for one security guard to keep an eye on all areas.

The only way we can attempt to control this problem of vandalism is for all staff to assist in the prevention of it. Please remember, funds spent on repairing damaged goods and/or replacing stolen property cannot be spent in other areas.

All HP account users should arrange by themselves to have their programs and data files copied, either on hard-copy or electronic medium, so they can be put on to another computer at a later date. The programs and files on the HP-2000 will become inaccessible and unrecoverable after April 30, 1985.

For information about the College's PRIME-750 computers, please contact the computer centre: Jim Chivas (324-5302) or Stanley Foo (324-5301).
