TRAIN THE TRAINER

The Train the Trainer program is comprised of four, thirty-hour courses -- Program Design, Giving of Instruction, Evaluation of Learning and a Practicum. College instructors are exempt from the practicum. The Instructional Skills Workshop (ISW) or the Instructors Diploma I.D. 101 is the equivalent of the Giving of Instruction course. All courses emphasize a highly practical hands-on approach to instructor training. Each of the first three courses begins with a review of core skills common to the three courses. These core skills including writing performance objectives and learning tasks, lesson planning and conducting one or more mini-lessons. For course details and program content guides please contact the Program Development Department (681-8111, Local 243).
