VOLUME 03 : NUMBER 18 : MAY 17, 1985

TO ALL PARKING POOL MEMBERS

VCC-VANCOUVER COMMUNITY COLLEGE
LIBRARY
MAY 17 1985

Effective June 3, 1985 and for the month of June, all members of the VVI Parking Pool using the underground parking at VVI will use the parking lot opposite VVI on Cambie and Dunsmuir Streets. This is the new blacktopped area which used to be "Drive Rite" parking.

This change in June is due to asbestos removal and renovations. To cover this additional cost of \$4000, it will be necessary to levy a \$10 surcharge to each VVI parking member. This surcharge will take the form of two, \$5 additional payroll deductions in June and July.

Please call George Clark Local 433, or Barb Talbot Local 435 for further information.

700 Royal Avenue, New Westminster, B.C

• Mailing Address: P O Box 2503, New Westminster, B C V3L 5B2

April 22, 1985

Dear Colleague:

Should teachers have qualifications relevant to the curriculum they teach? Or can anyone teach anything? Whether teacher, student, administrator or staff, you probably have strong convictions regarding the need for teaching qualifications. If you do, take a few hours to share your ideas with your colleagues.

Whatever your interpretation of "Publish or Perish", during the coming summer months -- and a bit beyond -- you can do the former, avoid the latter and contribute to your national college newsmagazine - College Canada. Next January, the theme of College Canada will be "Anyone Can Teach Anything" - a topic suggestive of the debate which could rage over such an issue. Clearly the topic finds many caught between the need for and pursuit of relevant qualifications, and the security implicit in being a 'jack of all trades' when redundancy occurs. And of course, there are the valued opinions of students, staff and administrators. How do they feel about the issue?

You have until November 15 before your lucid, penetrating comments need to reach me - but you'll probably want to take advantage of a few hours this summer to write an article. Of course, I'd also like you to circulate this note and encourage faculty, staff, students and administrators to join the chorus.

Please take advantage of this genuine opportunity to discuss and publish your ideas. The specifications are attached - follow them, and if you have any questions, please let me know.

Cordially,

A handwritten signature in dark ink, appearing to read 'Bob', with a long horizontal flourish extending to the right.

ROBERT C. SCOTT

GUIDELINES FOR CONTRIBUTORS
TO THE MAIN THEME SECTION

(To be distributed by Guest Editors to potential contributors)

1. Articles should not be longer than 4-5 pages of manuscript typed double space.
2. Photos, diagrams or graphic representations are welcome.
3. The style should be clear and concise. Technical or specialized jargon should be avoided.
4. Deadlines for submissions are established by the Guest Editor and should be strictly observed.
5. Using subtitles is encouraged as they organize the text and facilitate reading.
6. The format and aspect of the publication being that of a tabloid newspaper, articles containing footnotes and references cannot be published. If a reference must be mentioned, this can be done immediately after the excerpt, between brackets, inside the text itself. The same rule applies to mention of sources of texts or ideas cited.
7. Each article must bear the signature of the writer and mention of his place of work and position.
8. Whenever the author wishes, he can send also a photo of himself to be published in small format at the beginning of the article.

IT'S

VANCOUVER COMMUNITY COLLEGE

IF YOU NEED TO KNOW...

NEEDED: A HOME-AWAY-FROM-HOME!

This summer Continuing Education at Langara Campus plays host to a number of students from Japan, Taiwan and Quebec who will study English here in programs from two to six weeks in length. An important part of their experience is a home-stay with a Canadian family. If you could provide a home-away-from-home for some of these young people, who range in age from their teens to early twenties, please give home-stay co-ordinator Patti Hinds a call at 324-5443. The college is looking for families who will do more than provide room and board to their guests, who are willing to make them part of day-to-day family life and who are interested in showing them firsthand how Canadians live. We prefer to place two students with each family, on a buddy system. Rates of compensation are generous.

CARPENTRY MOVES TO NORTH VAN

VCC's carpentry program recently moved from its old site on the eastside to new quarters on the campus of North Vancouver's Capilano College. The 60 students in the program did extensive renovations to the building they now occupy, giving them valuable "on-the-job" experience. Technical Division Chairman Art Griffiths said Capilano College's administration has been very co-operative and helpful in the transition. "Our new location, just off the Second Narrows Bridge will make for easy access from both the North Shore and eastside," he said.

With the resignation of board members Virginia Giles and Barry Irvine, the provincial government recently appointed two new members to the Vancouver Community College Board. They are lawyer Tony Saunders and business consultant Hope Wotherspoon.

Mrs. Giles left the board to become a member of the National Parole Board, while Mr. Irvine moved to Calgary to take up duties as president of Genstar Structures Ltd.

10 STUDENTS TO JAPAN

For a number of years, students from Japan's Takushoku University have come to the college's Langara Campus for a program of English language training. This spring, for the first time, the college's Pacific Rim Program is sending ten students from Canada to Takushoku University. They will be in Japan for one year, living with Japanese families and taking part in an intensive program of language and cultural study.

AND ALL THAT JAZZ

The King Edward Campus music department's SOUND-WAVE '85 is performing as a featured group at the Canadian National Jazz Festival in Quebec City, May 18. The department's recent spring festival of concerts drew an audience of more than 1,000.

LOW COST DENTAL CLINIC

Through to May 24, the dental program at VVI is offering a low-cost dental clinic to those 20 years old or younger, providing fluorided treatments, cleaning and home-care instruction. Work is done by students under the careful supervision of professionals. The cost is \$10 and at least two appointments are required. The clinic is at VVI, 250 W. Pender St. For an appointment call 681-4910.

LANGARA CAMPUS GRAD

Langara Campus graduation is the evening of Thurs. May 23. Approximately 500 arts and science and career program students will graduate. The Honourable Robert Rogers, British Columbia's lieutenant-governor will present the Governor-General's Medal.

NEW SERVICE

The Hairdressing dep't at VVI is starting programs in esthetics. The program features artificial and silk nails, cellulite treatments, and waxing. For information, call 681-8111.

INDONESIAN INSTRUCTORS ARRIVE

Last week, four instructors from the Samarinda Forestry Vocational Training Center in Indonesia arrived at VVI for a six-month training program. Samarinda is a city on the east coast of the island of Borneo, now called Kalimantan.

Adnan Daud will be working with the Electrical Department, Zainal Arifin will be with the Welding Department, and David Darongke and Marakup Simandjuntak (Simon) will be working on a vocational administration program.

This project is sponsored by the Ministry of Education. The Ministry has been working with the Samarinda Center for more than ten years. Several Canadian instructors, including Chester Spink (Department Head, Electrical), have spent one to three years working at Samarinda developing the Training Center.

BRIAN DWYER WRITES FROM TANZANIA....

85 04 25

Have been here in Dar es Salaam for four sweaty days - it feels as if I have been here all my life! Our work is progressing very fast (surprisingly). People are very helpful and cooperative. The work pace is a little slower than Canada, but then again the sun is a little hotter than Canada - 110° F shade. The city shows signs of faded glory. Next week, we are off across country to Morogoro and Tebora.

85 04 28

The sun continues to shine and it's a treat to find an air conditioner that works so that you can cool off. Most days we have worked 14 hours starting at 6 a.m. and concluding with a dinner meeting wrap up and planning session at 9 p.m. We did, however, manage a swim in the Indian Ocean today. The water was like a warm bath so there are some compensations.

Regards, Brian

Brian and representatives from Swan Wooster and BC Rail are working on a CIDA sponsored project until the end of June evaluating training programs for the railway service in Tanzania.
