SPEAKING OF HEAT WAVES . . .

There was an internal heat wave in the staff lounge last week in the form of a fire in one of the garbage containers! Someone did not check an ashtray which was emptied into the container and a live cigarette did its best to smolder and smoke. Please take extra care when emptying ashtrays into combustible garbage containers.

CONFERENCE ROOMS

When a meeting has been booked for one of our conference rooms and coffee is required, it is the responsibility of the group using the room to either make the coffee or order it through our Food Serviced Department. Please refrain from requesting the Administrative staff to make the coffee as this does not come under their jurisdiction.

It would also be appreciated if the conference rooms could be left in a clean condition after each meeting. Your cooperation in this matter will be greatly appreciated.

VANDALISM

Last week nine people were trapped for twenty minutes in an elevator car on the fourth floor because someone had apparently kicked the door off of its runner. This is senseless damage and as per Policy and Procedure 1.1.0.5 the Dean of Administrative and Student Services is empowered to process, "a reward up to \$200 will be paid by Vancouver Community College to any person providing information leading to the arrest and conviction of any person or persons of a criminal offense in relation to the theft of, or defacement to, college property in excess of \$50.00".

Anyone with any information concerning the above is asked to contact one of the senior administrators.
