VOLUME 4 : NUMBER 08 : MARCH 14, 1986

V.C.C. MUSTANG LOTTERY

Langara's Marketing and Sales instructor, Keith Murray has tabulated the lottery ticket sales as shown below. While the ticket sales by the students are on target with their objectives nearly realized, it appears that in the other categories we still have a ways to go.

TICKET DISTRIBUTION				
	Books	Target	Sales to Date	% of Target
KEC/VVI	950	\$19,000	\$7,228	38.0%
Langara	315	6,300	2,366	37.6%
Advisory	511	10,220	2,258	22.1%
Students	224	4,480	4,080	91.1%
	<u>2,000</u>	<u>\$40,000</u>	<u>\$15,932</u>	<u>39.8%</u>

The car is moving around the malls with mixed success and while sales are okay, they certainly won't make up the short fall! Booklets of tickets are still available and everyone is encouraged to help out with another one or two!!

FROM THE VVI FUND RAISING COMMITTEE

In the near future, the VVI Fund Raising Committee will be selling lottery tickets (5,000 limit) to raise funds for Student Aid, and the amount raised by ticket sales will be matched by the Vancouver Foundation.

Each ticket will sell for \$1.00 (with one free ticket in each book containing 11 tickets). We will be advising when the books of tickets will be available!

The prizes are: 1st - a VCR!

2nd - a MICROWAVE!

3rd - 4 cash prizes of \$25.00 each.

The draw will be held June 16, 1986 -- your support will be appreciated!!

AND MORE NEWS

In addition, C.E.C. agreed to permit the VVI Fund Raising Committee to collect 25% of the shop and ancillary revenues generated during the VVI Open House on April 17, 1986. This revenue will be used by the VCC Endowment Fund for future aid to students at the VVI.

LANGARA CONFERENCE ON MULTIPLE PERSONALITY

The Departments of Psychology and Interdisciplinary Studies at Langara are pleased to sponsor the first Canadian Conference on multiple personality, on May 10 and 11, 1986.

The keynote speaker is Dr. Ralph Allison who is a recognized authority, lecturer and author in this field. The aim of the conference is to provide an integration of the growing amount of data on the nature of the disorder and of the methods of diagnosis and treatment. The conference addresses how multiplicity is being conceived, researched and treated.

Please refer to the fact sheet on the next page for further details.

PERSONALITY

Langara

Telephone 324-5511

FACT SHEET

THE FIRST LANGARA CONFERENCE ON MULTIPLE PERSONALITY

DATE: MAY 10 - 11, 1986

- SPONSOR: Departments of Psychology and
Interdisciplinary Studies at
Vancouver Community College,
Langara Campus
- LOCATION: V.C.C., Langara Campus
100 West 49th Avenue
VANCOUVER, B.C., V5Y 2Z6
- DESCRIPTION: Internationally recognized authority,
lecturer and author DR. RALPH ALLISON
is the keynote speaker. The aim of the
conference is to provide an integration
of the growing amount of data on the
nature of multiple personality disorder.
The conference addresses how multiplicity
is being conceived, researched and
treated. Participants will learn how to
apply their knowledge to the diagnosis,
referral and treatment of people who
display symptoms of this disorder.
- FORMAT: Lecture, videotape demonstration, panel
discussion, plenary session and clinical
consultation.
- CHILD CARE: \$30.00 per child includes professional
child care and lunches on May 10 and 11.
for the full conference hours. Please
submit child-care application before
April 30.
- REGISTRATION: \$50.00 (or \$25.00 for student delegates)
includes lunches, refreshments, and
printed material. Applications should
be submitted before April 30, but will be
received at the door from 7.30 a.m. to
8.00 a.m. on May 10 if seats are
available.
- CREDITS: 16 credit hours, C.F.P.C. (B.C.);
12 credit hours, B.C.P.A. Category 1.
- ENQUIRIES TO: MARGARET McVIE, (604) 324-5249

NEWS FROM THE LIBRARY

Freida Wiebe, Library Department Head, has taken a two month leave from her duties at the VVI Library and is setting up a university library and is training staff in Vietnam. Freida will return May 3, 1986.

Mary Murphy, a reference Librarian from Langara, has been appointed during Freida's absence. The VVI Library Staff continues to welcome your patronage!

LIBRARY FILMS

March 18 - BACK ALLEY BLUE

Stolen money, a love intrigue and police chase unite with the main theme which is a day in the life of an old woman who scratches out a living collecting used pop bottles and picking through back alleys. She is not too poor, however, to return a kindness. The film ends on an unexpected note of humor.

March 25 - CYCLING: STILL THE GREATEST

Scenes from the 1976 Olympics and the 1978 Commonwealth Games capture all the thrills and excitement of cycling. Featured are some of the world's best cyclists and their coaches; in training and in competition. This fast-growing sport is attracting the attention of cyclists and spectators alike. Made from material shot during the filming of GOING THE DISTANCE.

UBC CENTRE FOR CONTINUING EDUCATION

The University of British Columbia, 5997 Iona Drive, Vancouver, Canada V6T 2A4 Telephone (604) 222-2181

March 4, 1986

In reponse to communications from interested parties in the educational community throughout the Province, the Ministry of Education has put the sponsorship of the Instructor's Diploma Program to tender. Submissions were due in February and a decision could be announced as early as March.

What this means for employees of your institution, which I thought you should be aware of, is as follows:

1. Participants presently admitted in the ID Program who have enrolled in a course, paid fees to UBC but have not submitted a Major Assignment, **MUST COMPLETE THAT COURSE** (course only NOT Diploma) by August 31, 1986, **AND PAY A \$40 LATE SUBMISSION FEE**, if they enrolled prior to April 1, 1984.
2. Participants presently admitted in the ID Program who have no outstanding assignments but would like to continue their studies, are invited to attend courses offered this Spring and Summer on the UBC campus. In doing so, however, they **MUST AGREE TO COMPLETE** any course in which they enrol, by August 31, 1986. Instructors for the four courses have adjusted their class activities to accommodate early completion, if not in-class completion.
3. Participants are invited to enrol in 101, 102 and 104 by correspondence immediately if they prefer. But, again, they **MUST AGREE TO COMPLETE** by August 31, 1986.
4. The new host will take over full administration, all permanent student records and continue with the ID Program as it is presently being delivered by UBC, on September 1, 1986, but will not be able to service any participants who have outstanding assignments. They will offer courses to allow participants to complete their Diploma and to service new participants. **THE MINISTRY OF EDUCATION** will remain the only authority able to issue the Instructor's Diploma.

If you have any questions or concerns please contact me at 222-5222 at your earliest convenience.

Yours truly,

Kerry Elfstrom, Coordinator
Instructor's Diploma Program

NEWS RELEASE FROM THE MINISTRY OF POST-SECONDARY EDUCATION

. Vancouver Community College to benefit
. new funds for Colleges announced
VICTORIA -----

Post-secondary education minister Russell Fraser announced an allocation of \$4.4 million to British Columbia's colleges and institutes under the Excellence in Education Fund.

The funds are in addition to the College's base operating budgets and will be used to address non-salary inflation costs, provide for rural multi-campus centres and fund the Business Development Centres in colleges.

The Minister was joined by MLA Doug Mowatt in announcing that the allocation to Vancouver Community College will enable it to continue operating its Business Development Centre. The Centre - which assists entrepreneurs involved in creating new businesses - was established last year by the College with seed money provided by the Provincial government.

"This new allocation is the first funding increase for colleges and institutes to be announced under the Excellence in Education fund unveiled by Premier Bennett February 11th, and follows meetings I held recently with College officials," said Fraser.

Fraser noted the purpose of the Excellence In Education Fund is two-fold. It will be spent on:

- adjustments to the operating budgets of schools, colleges and universities
- special initiatives to improve the quality of instruction, to respond to economic development opportunities and to modernize facilities and improve efficiency

The \$110 million in first-year funding represents an increase in education spending of more than six per cent.

Fraser said the allocation will provide a province wide total of \$2.3 million for colleges to cover non-salary inflation costs, \$1.3 million for Business Development Centres and \$800,000 in additional funds for multi-campus operations.

Fraser noted that colleges, too, will be able to compete with schools and universities for funding of special initiatives from the \$110 million Excellence in Education Fund.

"Because colleges, unlike schools, do not have access to the residential property tax base to increase their funding levels, it is important that colleges proceed with imagination to develop proposals for the fund to get their fair share of the special initiatives funding," he said.

"I intend to be the advocate in Cabinet -- which is to approve proposals on a merit basis -- for colleges and universities to ensure equitable distribution of the funds and will be working closely with college officials over the next few weeks to assist them in developing specific proposals," he said.

Fraser noted he will be making a further announcement concerning student aid funding in the next few weeks.
