VCC-VANCOUVER VOCATIONAL INSTITUTE

OPEN HOUSE

LIBRARY

MAY 2 - 1986

It is impossible for anyone to judge the contributions of the many students and employees who donated their time and services to the VVI Open House. Nor is it possible to single out all the individuals who deserve special mention for their efforts and contributions to, what turned out to be, the most successful VVI Open House ever held.

Therefore, to all those involved, take a bow and accept my thanks in recognition for an excellent job, extremely well done!

CANADA AWARDS FOR EXCELLENCE

An integral part of the Canada Awards program is the Young Canadian Category which recognizes outstanding achievements by talented young Canadians in Science and Design. This category focuses on the capabilities of youth as potential business leaders and encourages an increased awareness of the role and application of science and design in business endeavours. This award also draws the attention of the business community to the talents and potential of Canada's future entrepreneurs.

Participation in the nomination process by educational institutions across Canada is key to the success of the design competition. We know the talent is out there but we need you to help identify who possess it.

For further information, category descriptions, eligibility, etc., and nomination forms, please contact the Office Manager at Local 203.

PEDAL POWER

Want to ride your bike to work or class (especially to miss the Expo traffic jams) but concerned about leaving your vehicle in the bike racks?? There is a petition circling the campus which reads, "We, the undersigned, who cycle or who would like to cycle to V.V.I. petition that indoor facilities be made available to us for locking up our bicycles."

If you would like more information on this proposal, contact Carol at Local 322 or Wynn at Local 200!

Mustang Winner Marlene Rose Hancock and Principal of King Edward Campus Harry E. Pankratz

MUSTANG'S NEW OWNER FROM SFU

The draw took place Monday, March 31st at the King Edward Campus and Marlene Rose Hancock's ticket was the winner. Marlene was a graduate student in political science at Simon Fraser University where she is presently employed as an external teaching assistant. The 11,000 tickets sold and the matching grant from the Vancouver Foundation has added well over \$40,000 to the college's student aid fund.

MORE POWER TO POWER SEWING

VVI's participation in EXPO 86 has been ongoing in a small way for a full year prior to the fair's opening. As early as April 1985, Mrs. Copson's Power Sewing Department was working with EXPO to produce banners and flags for the May 1985 opening of the Preview Centre.

This participation has mushroomed as the actual opening of the world exposition has crept closer. In January of this year, Mrs. Copson was asked to produce flags for the EXPO Parade Staff. The order consisted of hemming, on all four sides, 432 pieces of nylon, twenty feet by ten inches, or approximately forty-two feet of hemming per piece. At a cost of \$648.00 to EXPO, all 432 pieces were produced and delivered on time.

A second and much larger order was commissioned near the end of February. This involved banners and flags to be used as part of the opening day ceremonies on May 2, 1986. A total of 750 pieces of work have been prepared in forty days. The bulk of these pieces were banners or raw silk, ten yards by one yard, hemmed on both ends and dyed in colours ranging cross the spectrum -- bright yellow, saffron, orange sherbet, red, blue, purple, gold, and magenta. The rest of the order involved the preparation of bi-coloured flags of red and metallic gold. The total cost to EXPO was approximately \$1125.00 and the order commissioned officially March 15, 1986 was ready for delivery on April 20, 1986.

The Power Sewing Department's excellent reputation reached the proper ears at EXPO 86 strictly through word of mouth and the result has been an enthusiastic and successful working partnership not limited to impersonal orders over the telephone. A good example of this camaraderie occurred when a portion of the March project arrived at the VVI cut to the wrong size. EXPO staff arrived shortly after Mrs. Copson notified them of the error and worked side by side with Mrs. Copson's class to cut the material into the proper size and meet the deadline.

This working relationship has not only enhanced VVI's standing throughout the industry as a trainer of skilled and competent future employees, but it has provided the students involved with the invaluable experience of working on a well-known, highly publicized project, dealing with the stress of deadlines and the pressures of contract work comparable to what they would realistically expect to find in the work world. The very positive experience is topped only by the personal satisfaction to be gained by contributing, in a highly visual way, to the success of a project on the scale of the World Exposition in 1986.

PACIFIC BAKER'S EXHIBITION

The Pacific Baker's Exhibition will be held August 11 to 13 in B.C. Place Stadium and will be the largest show ever. VVI has been invited to compete in the exhibition and space has been allotted in the Baked Foods display area for a large window display by our students!

LIBRARY NEWS

Film for April 29 . . . HOLSTEIN

A portrait of a small Ontario town, this film introduces its audience to the people of Holstein by filming them in the old-fashioned general store, the blacksmith shop and the town granary. Old-time residents reminisce, while old-fashioned sleighs travel down the main road bordered by beautiful old frame houses.

Film for May 6 NOSE AND TINA

Nose and Tina are two people in love. He works as a brakeman, she as a hooker. This film captures the domestic details of their life together, their hassles with the law, work, and money. Theirs is an unusual love story. (Awards: Toronto, Yorkton)
