## FROM THE PRESIDENT'S REPORT

### Drafting Department Links to the Vancouver School System

In April of this year Ron Atkinson, Department Head of Drafting, conducted an industrial education drafting class at Sir John Oliver Secondary School. These student-to-instructor projects strongly reinforce VVI's identity with high school career-oriented students and are well received by students, instructors and counsellors in the school district.

### Capilano College Cooperative Business Office Training

Susan Lesko, Medical Office Assistant instructor, together with Lynn Jest of Capilano College and the Medical Office Assistant's Association are working on the revisions to the Medical Office Assistant's Handbook, which is published by the Ministry of Education. This handbook is used throughout the province by medical assistants and educators, as well as students working towards an MOA certificate.

### VVI and BCIT/Ministry of Labour Cooperative Carpentry Project

Daryl Birtch, Acting Department Head of the Carpentry Program was invited by BCIT and the Ministry of Labour to participate as a judge for the province wide carpentry apprentice skills contest. This contest rotates among B.C. Colleges and Institutes and an appointment to the judging staff is considered both a personal honour and a recognition of a College's quality training performance.

### Program Development Department

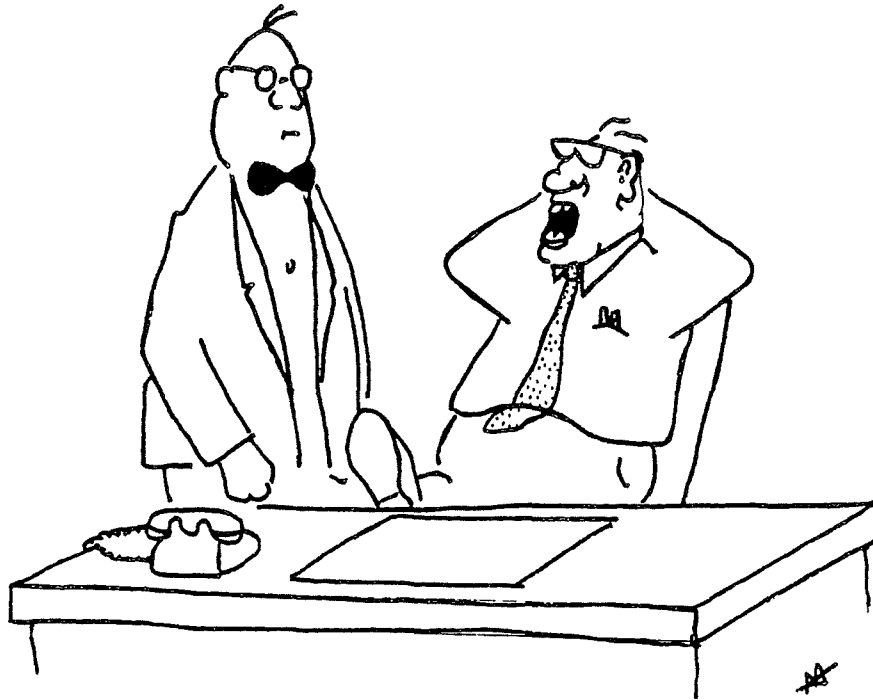

During the week of May 5-9, Brian Dwyer, Department Head of Program Development, and Eric Cardwell, President of the West/East Ender Newspaper, arranged a one-week work experience program for a member of the Thailand Department of Mineral Resources. This project was acquired through Barringer Magenta Ltd. of Toronto and although the project sum was minimal (\$500), two major outcomes occurred. First, Barringer Magenta Ltd. is a major sub-contractor to the Canadian International Development Agency (CIDA) and because of VVI's quick and positive reaction to this corporation's request, there may be an opportunity for a larger contract. Secondly, the cooperation in this project by Mr. Cardwell (at no cost) indicates, in one small way, the desire of Vancouver businesses to cooperate with community colleges.

### Prince Charles' Visit

On May 7, the ESL Neighbourhood English Class at Gordon House was honoured by the visit of HRH Prince Charles. On this occasion, a leather-bound book of international recipes, written by the students in the class under the supervision of their instructor, Gail Morrison, was presented to Prince Charles. (More modestly bound copies of the book will be printed in the near future and will be sold to raise money for student assistance).

## Fourth Generation Computer Language

Henceforth, 4GL will be taught in the final term of the Computer Information Systems Program in place of PL/1. It will be recalled that development of the 4GL offering was made possible by a special curriculum development grant; the outcome of vigorous and convincing presentations made by the program's instructors. Langara will be the first college location in B.C. to offer instruction in a 4th Generation Computer Language.

## WOMEN WANTED

The sun on your face, the cap on your head, the glove on your hand, and the crack of a baseball as it blasts off a bat. It's softball time again and the King Ed Dragons have started into their season this year. The team is well prepared except for one shortfall - they need more women players! It's a mixed league, it's a ton of fun, it's a Tuesday night of cheering and laughing and generally having a good time all around.

If you don't want to commit yourself to the entire season how about leaving your name as an alternate in case of emergency! Play a few games of ball and help out the team! If you are interested or would like more information contact Steve Baker at King Edward! WE WANT YOU!!

# UBC CENTRE FOR CONTINUING EDUCATION

The University of British Columbia, 5997 Iona Drive, Vancouver, Canada V6T 2A4 Telephone (604) 222-2181

May 30th, 1986

**Dear: Instructor's Diploma Program Advisors**

This maybe the last time I can formally communicate with you regarding the I.D. Program. So, I would like to take this opportunity to call on your assistance.

U.B.C. is operating a series of courses on campus this summer in our usual style. Enrolment is understandably slow and minimal to date. That is of no real concern to me. However, there are MANY people who need course completions. There are still others who require only one or two courses to complete their Diploma.

To deal with those who need courses, U.B.C. is offering a Summer Session consisting of two separate offerings of each of I.D. 102, I.D. 103 and I.D. 104. Regardless of enrolment, no section of any course will be cancelled as this represents the University's commitment to complete those people who wish to enrol in courses while they are still being offered by U.B.C. Secondly, each course has been altered to allow in-class completion of Major Assignments or soon thereafter. Virtually, this means that anyone who enrolls in courses this summer has an excellent chance of completing them in class and certainly by the August 31st deadline.

To deal with those who have outstanding assignments, U.B.C. is offering a series of completion workshops for those people who have attended class and paid fees but have not completed their Assignment. The June workshops are for those people who are contemplating their Assignments at present. The July sessions are to assist Summer Session participants to complete their Assignment while attending the course, if they require extra assistance. The August workshops are for anyone who needs a last minute chance to complete any course taken at anytime. In fact, anyone who is outstanding in any course can attend any or as many workshops as they wish.

Concurrently, we are conducting a massive student records verification program to update the files for transition to the new host in September. No, the new host has not been named to date, and no, I don't have a clue who it might be.

The assistance I would like from you if you can provide it, is to answer questions from participants in your institution or facility regarding course enrolments this summer, course completions, participation in the completion workshops and records verification. To that end, I have enclosed copies of all forms and flyers we have sent to I.D. participants recently. Please feel free to copy and post them on bulletin boards in your facility or call us for more if necessary.

Let me thank you in advance for this help and let me say how much I have appreciated your help while I have been coordinating the Program since September. If you have any questions, please do not hesitate to call either Laura Ware at 222-5220 or myself at 222-5222 at your earliest convenience.

Sincerely,

Kerry Elfstrom  
Coordinator

# CENTRE FOR CONTINUING EDUCATION

The University of British Columbia, 5997 Iona Drive, Vancouver, Canada V6T 2A4 Telephone (604) 222-2181

May 6th, 1986

Dear ID Participant:

As you have been informed previously, the University of B.C. will no longer be administering the **INSTRUCTOR'S DIPLOMA PROGRAM** as of August 31st, 1986.

The Ministry of Education has assured us that a new host will take over administration of the Program effective September 1st, 1986. To date, they have not named the new host but have indicated that notice of their selection is imminent.

As part of our task to ready the Program's statistical records to affect an easy transition from UBC's administration to that of the new host, I am writing to you personally. One of the most crucial concerns the new host will have is the **STATUS** of **EVERY PARTICIPANT**. But, since our records date back for decades, this could be a delicate and detailed endeavour.

Therefore, we would like to attempt to **VERIFY YOUR STATUS**. Due to the potential work which this could involve, we would like to proceed with the verification with as much lead time as possible in order to clean up any discrepancies, check out any special circumstances and issue any outstanding documents that may be required.

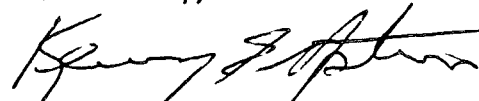

Your help will be greatly appreciated. Handing over a "squeaky clean" statistical record will ensure you continued participation in the ID Program with the new host and avoid possible embarrassment or problems among all parties concerned. I have created a special "Student Records Verification" form which shows your individual status. Please find that form enclosed.

Would you kindly read the form, verify the record as either correct or incorrect, sign and date it and return the form to us **IMMEDIATELY**. Since August is just around the corner, we need these forms right away in order to proceed with followup work.

I would also like to take this opportunity to remind you of options open to you in the Program as of today. If you have paid fees for a course, attended it and successfully completed the Major Assignment for that course, you need not do anything. If you have paid fees, attended class but have **NOT** done your Assignment, you must do so by August 1st, 1986 to allow enough time for revisions if required. Furthermore, if you paid fees and attended any course **PRIOR** to April 1st, 1984, and are submitting an outstanding Major Assignment, you must pay a late submission fee of \$40.00 per Assignment. If you are enrolled or are planning to enrol in a course presently being offered by UBC, you must pay the fees, attend the class and successfully complete the Major Assignment by August 31st, 1986. Courses are available this summer and they have been amended to allow in-class (or soon thereafter) completion of Major Assignments.

Thank you in advance for your assistance on the Student Records Verification form. If you have any questions about it, Summer Session courses or anything to do with the ID Program please do not hesitate to call Laura Ware at 222-5220 or myself at 222-5222.

Yours truly,

Kerry Elfstrom, Coordinator

# Summer session!

THERE IS STILL ROOM IN EVERY COURSE being offered by UBC during Summer Session. Three courses are offered and each one is available at two separate times. It is also possible to take all three courses consecutively.

When the new host takes over, there could be an increase in fees. Enrolment in any course offered this summer at UBC is still \$249.00.

Remember that enrolment in a course this summer obligates you to achieve successful completion by August 31, 1986, but summer COURSES HAVE BEEN AMMENDED to promote in-class completion or soon thereafter.

See you at Summer Session!
