Back in May the VCC PRESS announced its birth!

The baby is WELL and GROWING steadily but
it is still an infant.

One of the partners in the press - the members of
the AD HOC COMMITTEE - would like to meet with
potential authors, departmental representatives and
other interested individuals to discuss further projects and
YOUR ROLE in the PRESS

Representatives of the PRESS will be available
in Room 240 from 3.00 pm to 5.00 pm
on Friday, November 14, 1986.

DROP IN:
Coffee will be available
as will be further information
about VCC PRESS

ST. VINCENT TECHNICAL COLLEGE/HUMBER COLLEGE INSTITUTIONAL COOPERATION PROJECT

As a part of a C.I.D.A. funded project, sponsored through A.C.C.C., Humber College has been officially twinned with St. Vincent Technical College, St. Vincent, West Indies, for the purpose of entering into programs of staff development and technical exchanges.

ELECTRICAL PROJECT

Humber College requires a faculty consultant (electrical) to spend six months (January-June, 1987) working at the St. Vincent Technical College.

Responsibilities during this attachment for the Humber College consultant will include the following:

1. Conduct a program evaluation of the St. Vincent Technical College Electrical Engineering Program.
2. Assist St. Vincent Technical College electrical teachers in curriculum development of their existing electrical courses.
3. Liaise with local industrial representatives to assist them in identifying their training needs.
4. Conduct workshops for employees of local electrical industries.
5. To teach up to four (4) hours per week in the Electrical Engineering Program at the St. Vincent Technical College.
6. Assist the College Principal and faculty as required, in an advisory capacity, in matters of teaching and curriculum development.

Requests for further information, and applications for this faculty attachment, should be made to Jack Buckley, Dean, Humber College, 205 Humber College, 205 Humber College Boulevard, Etobicoke, Ontario, M9W 5L7.

Applications, with resumes, must be received by November 10, 1986.

The Chinese

in Vancouver

1886-1986

In celebration of Vancouver's Centennial, the Chinese Cultural Centre is pleased to present a historical multi-media exhibition that will take you on an intimate journey to the heart of Vancouver's Chinese community. "Saltwater City" (the original Chinese name for Vancouver) throws open doors and windows onto the last century, casting artifacts, photographs and documents into vignette sets to reveal the life and times past of Chinese-Canadians.

*Exhibition: October 3 to December 21, 1986
at the Chinese Cultural Centre, 50 East Pender Street
Open 11am to 6pm Wednesday to Sunday
Admission \$1.00 Children and seniors free
Call 687-0729 for more information. Wheelchair accessible.*

鹹水埠華人在溫哥華一百週年歷史文物展覽

展覽時間 十月三日至十二月二十一日，每星期由星期三至星期日上午十一時至下午六時正。

*This project is presented with the assistance of
the Vancouver Centennial Commission and Multiculturalism Canada*

THE VANCOUVER VOCATIONAL INSTITUTE

1. ADVISOR TO MT. CURRY NEW INDIAN BAND

- Department Head Frank Boutilier of the Building Service Worker Program has been asked to advise the Mt. Curry New Indian Band, Pemberton, B.C., on a maintenance program of their new school. He is doing this as part of his professional development.

2. DONATIONS RECEIVED BY THE V.V.I.

The V.V.I. has, as reported in general terms earlier, received donations from business and industry as follows:

ELECTRICAL AND INDUSTRIAL ELECTRONICS DEPARTMENT

Fair market value

approx. \$ 18,000

Programmable Controller Colour Graphics System

Donated by "DYNAPRO SYSTEMS INC."

Fair market value

approx. \$ 58,000

Control Panel and Starters

Donated by "EECOL ELECTRIC

Fair market value

approx. \$ 3,000

PRINTING PRODUCTION

VIP Phototypesetter and MVP Editing terminal
plus interactive interface option and fonts

Donated by "ZENITH GRAPHICS

Appraised value

\$ 25,150

ELECTRONICS

Statistical Multiplexes and Modems (NEW)

Donated by "GANDOLF DATA INC".

Fair market value

\$ 10,160

DRAFTING

Computer Aided Design Drafting Software

"Anvil 1000"

Donated by M.C.S. Inc. Irvine California

Fair market value

\$ 3,500

#3 Crofton Pulp Mill Working Model

Donated by H.A. Simms

Fair market value

\$500,000

THE VANCOUVER VOCATIONAL INSTITUTE (continued)

3. UNITED WAY CAMPAIGN

Both the Administrators, and the VVI Student Association Executive turned out to serve pancakes, bacon, sausages, coffee and juice and to conduct a draw with prizes ranging from fudge to hockey tickets. Close to \$1900 was received for the United Way. This was a 50% increase over last year. The VVI United Way Campaign Committee sincerely thanked the "flippers", the public, the VVI Food Trades Department and the companies which so generously donated free merchandise for the event.

4. INTERNATIONAL EDUCATION

Three recent and major events occurred.

- 4.1 The VVI Indonesian Administrative trainees along with twelve of their countrymen attending other BC Colleges had a graduation at the VVI. Provincial and College representatives were in attendance. It is expected that another group of trainees will be coming to VVI
- 4.2 Four representatives of Wuhan Adult Education Institute (Wuhan, China) attended the VVI Pancake Breakfast and received a first hand introduction to Canadian Post-secondary community participation. Dr. Kunte Butterdahl of UBC was their guide. Discussion after the breakfast revolved around a CIDA project which would have the VVI's Program Development Department involved in translating its highly successful Instructor Training Program materials into Mandarin and the need to train post-secondary vocational/technical instructors in the People's Republic of China.
- 4.3 On October 15, 1986 VVI hosted the Malaysain Delegation to VCC. This is a fact finding tour and the delegates were given the opportunity to visit VVI Departments, understand the College's use of "hands on training" and all were treated to a complete lunch.

5. PROVINCIAL INSTRUCTOR'S DIPLOMA (ID) PROGRAM

The VVI Program Development Department has received a government grant to conduct this program throughout the Province. VVI is pleased to announce that the Provincial I.D. Steering Committee met on September 15, 1986 and approved all eight program recommendations put forward by the VVI Department Head.

Beginning this fall some off campus courses will begin and starting April 1987 a full correspondence program will begin.

THE VANCOUVER VOCATIONAL INSTITUTE (continued)

6. TONY WOOD - UNANIMOUS CHOICE FOR PRESIDENT

An active member of the Restaurant and Foodservices Association of BC. Mr Tony Wood has been elected president of the Vancouver branch. He succeeds Jim Pike of the Family Pantry Restaurant. Mr. Wood, Service Division Chairman at Vancouver Vocational Institute, has been involved in the foodservice/hospitality industry for many years, has served on several committees in the Vancouver branch and was first vice-president and represented the branch as a provincial director for the past year.

RAC #304
Baking Industrial

Vancouver Vocational Institute
October 27, 1986 to August 21, 1987

Requested by C.E.I.C. in excess of normal purchases.

Ministry of Post-Secondary Education

\$47,120

VANCOUVER COMMUNITY COLLEGE
VANCOUVER VOCATIONAL INSTITUTE

TO ALL FACULTY AND STAFF

Attached is an updated list of codes relating to our Focus II Telephone System. Also, listed below is a brief explanation for some of the most commonly used codes.

SPEED CALLING - This function was included in our system to save time when calling Central Administration, Langara or King Edward Campus. Simply dial the speed call number (3 digits) instead of the normal 7 digit number;

CALL-PICK UP - This function allows an employee to intercept a call on another phone if both phones are in the same call pick up group. To intercept a call dial 16;

CALL TRANSFER - This function allows an employee to transfer a call within the campus. To transfer a call first press the receiver button for one second; then dial "1" and the new local; at this point, if the line is busy, you must press the receiver button to recover the call; if you reach the desired party, wait for an answer and then indicate that you are transferring a call and hang up;

CALL FORWARDING - If an employee is temporarily out of the office, the employee can forward all calls coming in to another local. Simply dial 100 + the number you wish to have your calls forwarded to. To CANCEL the call forwarding dial 110. It is extremely important that you remember to cancel the call forwarding function otherwise your calls will continue to be re-routed;

STATION CAMP-ON - If an employee dials a local within the campus and gets a busy signal; the call need not be re-dialed. Press the receiver button for one second, dial "5" and hang up; when the other local is free, your phone will ring and when you pick the receiver the other phone will ring automatically.

HOLD CAPABILITY - A single line instrument phone can be put on hold. Simply press the receiver button for one second. Do not hang up. When you want to retrieve the call press the receiver button.

The above information should be of some assistance to you.
