LIGHTS! CAMERA! ACTION!

Did you see yourself on NBC's Movie of the Week "Stranger in my Bed", shown on Monday, January 12? And did you recognize your old alma mater - Anderson Technical Institute?

Filming was done at VVI last spring (the rhododendrons in Victory Square were draped with cypress boughs and cute little icicles were hung from the "Anderson Technical Institute" sign (formerly the VVI sign), to make it appear mid-winter. The extra's earned their money that day, having to be bundled up with scarves, mitts, heavy coats and warm boots on an extremely hot day (the spectators were wearing shorts and t-shirts!).

However, if you missed your chance at stardom in "Stranger in my Bed", perhaps you were more successful in appearing in the next VVI/NBC Movie of the Week shot this past week. This one is to be entitled "Hands of a Stranger". We haven't yet determined if there's a link between having the word "stranger" in the title and having it filmed at VVI...but we're researching the connection!

INTERNATIONAL EDUCATION JOB POSITION

Preventative Maintenance Training Centre - Bangladesh

Swan Wooster Sandwell, a major B.C.-based company of Engineers and Consultants, is seeking the services of a Training Team Manager to manage the training component of a turn-key project referred to as the Preventative Maintenance Training Centre, Chittagong, Bangladesh. The candidate should, however, possess a professional background in education at the post-secondary level, be experienced in the development and implementation of training programs and be able to demonstrate leadership and organizational abilities associated with the duties of a Training Policy Advisor, a Trainer of Trainers and seven Trades Instructors.

Those interested should contact, as soon as possible: Mr. Tom Culham, Vice-President, Swan Wooster Sandwell at 684-9311.

"The motion has been made and seconded that we stick our heads in the sand."

...and SPEAKING OF BEING INTERESTED.....

The staff in Administration certainly became interested when it was reported that a "Request for Supplies" form, was submitted (and approved we might add!), asking for:

- "1 Tom Selleck, in person (price unlimited)"

...needless to say there was a sudden rush on that particular item, suddenly everyone (all the secretaries anyway) were ordering their own! However, it's taking a while for the order to be processed and no Tom Sellecks have been received so far. (We seem to be having a bit of a problem getting the purchase orders approved!!)

PLEASE NOTE THE FOLLOWING....

Lorna Guenard, the Office Manager, has requested that whenever any mail is sent, each envelope and/or parcel have the Department name included as part of the return address on the front upper left hand side of all mail.

This will guarantee that if mail is returned by the post office it can then be forwarded to the Department without the mail having to be opened.

.....and that's all folks!
